

- 16 gauge steel frame.
- Heavy, formed steel handle.
- Offset mounting holes prevents interference with damper blade.

Code K-5
(not shown) K-4 Same dimensions but with
3/8" square bearing hole.

Code KP-10S - 1/2" square end bearing
(not shown) KP-10L - 1-1/2" longer for
insulated duct

Code KP-10R - 1/2" round end bearing

1/2" Quadrant Sets:

Code KS-12 = K-5 Quadrant + KP-10S + KP-10R
Code KS-12L = K-5 Quadrant + KP-10L + KP-10R
